11. **No man's land – Church Gates.**

Cllr Nicholls to find out what the fee is from Highways to cover a "Highway Extent Request" which is the only way of locally revealing highway owned land alongside/adjacent to the tarmacked surface, thus enabling clarification of Staff's C C denial of responsibility for the area of hazardous roadway adjacent to St Andrew's Church gates.

12. **Mobile Phone coverage –**

PC to follow up on email previously sent to Sarah Edwards. Cllr Nicholls to **compose letter** to highlight the potential concerns when BT/Openreach switch off the PTSN (Public Telephone Switched Network) in January 2027. This is electrically powered from telephone exchanges, so remains operational during localised power cuts. From 2027 such power cuts will wipe out the new "Digital Voice" via fibre Broadband, meaning access to all emergency services will be depend wholly on mobile telephones thus is a major concern in the Mease Valley where mobile reception remains unreliable. Cllr Bennion will also be sending correspondence regarding this.
